

R E M A R K S

Page 1 of the specification was amended to insert a cross-reference to indicate that this application is the United States national phase application of International application PCT/JP2005/002886.

The other amendments to the specification serve to correct minor clerical errors.

The other amendments to the specification involve correcting minor clerical errors.

Many of the amendments to the claims involve only editorial revisions and removal of multiple dependencies.

The amendment to claims 2, 8, 13, 19 and 25 involving the term "3-isopropoxyphenyl" is supported in the specification on page 3, line 7 from the bottom and by original claims 32, 38 and 45.

The amendment to claim 10, involving the deletion of the second listed compound, was made since such compound is the first listed compound in claim 10.

New claims 49 and 50 recite the first two listed compounds in claim 11, respectively.

New claims 51 and 52 recite the first two listed compounds in claim 23, respectively.

The abstract was editorially revised.

Entry of the above amendments is respectfully requested.

If the Examiner has any comments, questions, objections or recommendations, the Examiner is invited to telephone the undersigned at the telephone number given below for prompt action.
